

#370GFKL

**ENDURA**<sup>®</sup>

GOATSKIN TIG WELDER  
GLOVES WITH KEVLAR<sup>®</sup> LINING

### AVAILABLE SIZES

### FEATURES

- Hand portion of glove is lined with cut-and-sewn fine-gauge Kevlar<sup>®</sup> interlock knit for 360° cut protection and a precise fit that won't interfere with touch sensitivity
- Goatskin is incredibly durable and tough, while still maintaining the highest tensile strength
- Fully Kevlar<sup>®</sup> sewn throughout for heat resistance and seam integrity
- Wide-fitting split-cowhide gauntlet cuffs are gusseted for easier donning

### APPLICATIONS

Fine MIG or TIG Welding  
Steel Foundries  
Stainless-Steel Welding
