Outdoor Ragg Wool Gloves

#SRW

-5°C
23°F 

Ragg wool is a blend of 75% wool and 25% nylon for optimal warmth, wear and fit. Unlike ordinary wool, the yarns retain their natural oils so they are more wind and water resistant. We wash and scour all our wool gloves after knitting to make them softer and more flexible. This style works on its own, or worn under gloves as a liner.

A good choice for a comfortable, hard-working cold weather glove.
