- These gloves are also touchscreen compatible
- Specifically designed for electrostatic dissipative (ESD) properties when working with micro-electronic work

APPLICATIONS

- General Purpose
- Construction
- Automotive Industry
- Metal Fabrication
- Metal Stamping

TESTIMONIAL

DAVID H.
(ELECTRICIAN)

We have used your gloves with very good results. I have used them around a test bed installation project which required a lot of nut and bolt manipulation. Dexterity of the glove was incredible and performance was top notch. Hazards were abundant, sharp edges, hot metal, drill bit shavings and a few others. The glove protected my hands in all conditions and I continue to use them as my daily hand protection around the plant for routine maintenance tasks. This product works great for us.
