CONTENDER™

TERRY METAL-STAMPING GLOVES

2500 GRAMS
of cut protection

AVAILABLE SIZES

FEATURES

- Terry knit contains composite filament fiber for incredible abrasion and cut protection
- High abrasion resistance ensures cut resistance stays true for the life of the glove
- Terry loops enhance cut resistance
- Longer knit-wrist cuffs are snug for stay-in-place comfort
- Cotton in blend absorbs surface oils/grease to increase grip on metal surfaces

APPLICATIONS

Heavy Metal Stamping
Automotive Press
Automotive
Parts Assembly
Material Handling

TESTIMONIAL

DAVID H.
(ELECTRICIAN)

We have used your gloves with very good results. I have used them around a test bed installation project which required a lot of nut and bolt manipulation. Dexterity of the glove was incredible and performance was top notch. Hazards were abundant, sharp edges, hot metal, drill bit shavings and a few others. The glove protected my hands in all conditions and I continue to use them as my daily hand protection around the plant for routine maintenance tasks. This product works great for us.
